**ABOUT US :** Founded in 1972 in Konya, Başak Tarım Makina ve Sondaj Sanayi Tic. Ltd. Şti. is one of the pioneers in manufacturing drilling machines and equipment. With decades of engineering experience and a spirit of innovation, our company has become a trusted brand not only in Turkey but also across many countries worldwide.

We provide complete solutions with a wide product range including water well drilling rigs, mud pumps, drill pipes, bits, and generator systems. Our rigs, capable of drilling from 300 to 3000 meters, are manufactured in compliance with TSE, CE, and international quality standards, delivering high performance under all conditions.

Exporting to more than 20 countries, Başak Sondaj stands out as a reliable manufacturer and solution partner with durable machines, a strong focus on customer satisfaction, and continuous investment in R&D.

# WHY BASAK DRILLING?

POWERFUL SOLUTIONS. PROVEN EXPERIENCE. GLOBAL TRUST.

With more than **50 years** of engineering excellence, Basak Drilling designs and manufactures reliable drilling machines that perform in the world's toughest conditions.

## 50+ YEARS EXPERIENCE

Since 1972, we have been a pioneer in drilling technology and innovation.

## EXPORT TO 20+ COUNTRIES

Our machines are trusted in more than 20 countries across Africa, Middle East and beyond.

## HEAVY-DUTY & RELIABLE

Built for extreme conditions, our rigs deliver high performance, durability and maximum efficiency.

## FAST SPARE PARTS SUPPORT

We ensure quick and reliable spare parts supply to minimize downtime and keep your projects on track.

## CUSTOM PRODUCTION

We offer tailored solutions and custom configurations to meet your specific project requirements.

## SINCE 1972

Over half a century of experience and trust.

## 20+ COUNTRIES

A strong global presence growing every day.

## QUALITY CERTIFIED

Manufactured in compliance with TSE, CE and international quality standards.

## CUSTOMER FOCUSED

We build long-term partnerships based on trust, performance and support.
